

Kevin Huy Trinh

San Marcos, TX 78666 ♦ www.kevintrinh.dev ♦ kevintrinh1227@gmail.com

SKILLS

- Worked with technologies such as Python, JavaScript, HTML/CSS, React.js & Node.js
- Used tools such as Git, GitHub, Linux (Ubuntu)
- Driven to learn, participate, and collaborate in fast environments.

EDUCATION

ST.MARY'S UNIVERSITY – *Bachelor of Science in Computer Science*

Expected Graduation Year: May 2025, TX

- Scholarships: STMU Gateway scholarship (December 2021)
- Extracurriculars: Ex-Vice President Infinite Loops CS Club, Math Club, Internal Fraternity Council (IFC), Sigma Phi Epsilon.
- Relevant Courses: C Programming I & II, Data Analytics Python Programming, Object-oriented Programming I, Algorithms.

EXPERIENCE

Research Intern @ St. Mary's University – *Part-Time*

May 2023 – August 2023

- Collaborated with a mentor to design and implement a novel programming language, constructing a lexer, parser, and semantic analyzer. Translated high-level code to low-level language, showcasing software architecture and compiler construction proficiency.
- Performed in-depth undergraduate research and composed papers and presentations, showcasing analytical and communication skills in conveying project intricacies.

PROJECTS

Hypixel Stats Client – *December 2022 – Present*

- Built a Versatile stats client that uses PlayerDB, Hypixel, and Discord API to verify, link, and display in-game statistics.
- Developed a Hypixel API request cache system for optimized player data processing.
- Currently being used by over a dozen clients managing thousands of player data.
